

PBX CELERATE

For System Integrators

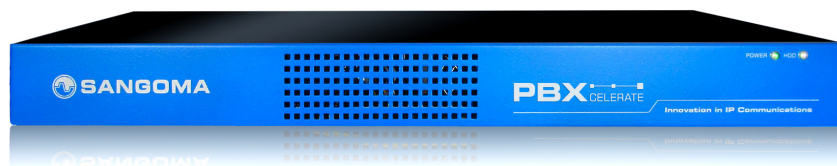

- ✓ Built on Sangoma's proven, high-quality, industrial-grade platform
- ✓ Field-tested hardware lives up to Sangoma's reputation for quality
- ✓ Easily integrate Sangoma's award-winning telephony cards to support analog and digital telephony interfaces or run pure SIP

PBXcelerate: PBX-ready Appliance

Customize this pre-built PBX-ready appliance with your very own PBX solution. Saves time and reduces the need to source and integrate multiple vendor's components.

This PBX-ready appliance is ready for you to customize with your very own PBX solution. It is built from the same proven, high-quality, industrial grade platform Sangoma products are known for. The field-tested hardware lives up to Sangoma's reputation for quality and makes it easy for you to integrate our award-winning telephony cards to support analog and digital telephony interfaces, as you require.
